

Eurocontrol Technics Inc. announces Major General Lewis MacKenzie joins Board of Directors

Toronto, Ontario, November 22, 2005: Eurocontrol Technics Inc. (TSX Venture: EUO) today announced that Major General (ret'd) Lewis MacKenzie, OStJ, OOnt, MSC, CD, has joined the Board of Directors of the company.

General MacKenzie is a distinguished Canadian who retired from military service in the Canadian Forces in 1993 after 36 years of service. One of his many accomplishments included the command of Sarajevo, Yugoslavia under the United Nations Protection Force in 1992.

Upon the appointment, Eurocontrol's president Gadi Gonan commented: "We are pleased to have Major General Lewis MacKenzie join our board. Shareholders will benefit from General MacKenzie's role as an independent Director given his extensive international experience in countries around the world as we enter new markets with our proprietary marking technology."

Major General Lewis MacKenzie was born in Truro, Nova Scotia. He is a graduate of Xavier Junior College of Sydney, Cape Breton and the University of Manitoba. During his thirty-six years of military service in the Infantry, he served nine years in Germany with NATO forces and managed to fit in nine peacekeeping tours of duty in six different mission areas - the Gaza Strip, Cyprus, Vietnam, Cairo, Central America and Sarajevo.

In 1990 General MacKenzie was appointed commander of the United Nation's Observer mission in Central America. Two years later he was assigned to the United Nation's Protection Force in Yugoslavia. In May of that year he created and assumed command of Sector Sarajevo and with a contingent of soldiers from 31 countries opened the Sarajevo airport for the delivery of humanitarian aid during the height of the Bosnian civil war. As a result, he became the only Canadian to be awarded a second Meritorious Service Cross.

General MacKenzie was made an Honorary Chief of the Metro Toronto Police Force in 1993. He holds Honorary Doctorates from numerous Canadian Universities and is a member of the Board of Advisors of the Canadian Federation of AIDS Research. In 2002, he received the Order of Ontario for his humanitarian work in Eastern Africa. Following the attacks of 11 September 2002, General MacKenzie was appointed one of two advisors to the Government of Ontario on counter-terrorism and emergency measures.

About Global Fluids International (www.gfi-petromark.com)

Founded in 2001, Global Fluids International S.A ("GFI") is one of the world's pioneers in developing and implementing innovative marking systems for the oil industry.
