## **Eurocontrol Technics Inc. Announces Nathan Jacobson appointed to Board of Directors**

**Toronto, Ontario, December 1, 2005:** Eurocontrol Technics Inc. (TSX Venture: EUO) announced today that Nathan Jacobson has been appointed to the Board of Directors of Eurocontrol Technics Inc.

Mr. Jacobson is an international business leader, is a resident of both Canada and Israel, and has major business interests in Israel, Russia and Ukraine. He is Chairman of the West Group Resources Ltd. and President of IFG Canada Ltd., and is also involved in a number of philanthropic organizations in Israel, Ukraine, Russia, and Canada.

Upon the appointment, Eurocontrol's president Gadi Gonan commented: "We are pleased to have Nathan Jacobson join our board. Eurocontrol will extensively benefit from Mr. Jacobson's wealth of business experience in many parts of the world where we are pursuing market opportunities with our proprietary marking solutions. We look forward to his active contribution in our business development activities."

Mr. Jacobson was born in Winnipeg, Manitoba. He served in a special combat unit of the Israeli Army before beginning a prolific business career involving operating and financing numerous successful businesses around the world. Included in such successes is his involvement in constructing over 2,000 gas stations and fuel storage facilities in Russia and eastern European countries in association with TNK-BP (British Petroleum). Mr. Jacobson also founded the General Motors distributorship in Russia, Ukraine, and Kazakhstan and was the distributor of Philip Morris tobacco in Russia and Kazakhstan.

Mr. Jacobson has also lead and participated in numerous business delegations between governments including most recently facilitating the cooperation between the Government of Alberta and representatives of the Government of Israel.

Mr. Jacobson is active in numerous philanthropic and business organizations including being on the Board of Directors of the Jewish National Fund, The Tel Aviv Foundation, and the Ukrainian Jewish Congress.

Mr. Jacobson's appointment follows the resignation of Eugene Beukman. Eurocontrol's board thanks Mr. Beukman for his contributions which included overseeing Eurocontrol's 51% acquisition of Global Fluids International S.A.

**About Global Fluids International ([www.gfi-petromark.com](http://www.gfi-petromark.com))**

Founded in 2001, Global Fluids International S.A ("GFI") is one of the world's pioneers in developing and implementing innovative marking systems for the oil industry. Through its proprietary Petromark™ integral system, GFI has developed a 4-part solution consisting of a marker, injection, monitoring and control components. GFI's innovative solutions include various proprietary components that meet the needs of petrol distributors globally. GFI has offices in Austria, Israel, Mexico and the US, and its R&D center is based in Israel.
